Quality is the Main Ingredient!

Made in Memphis, Tennessee; St. Clair salads are NOT your typical deli salads. The freshest and most natural ingredients go into making each and every one of their signature products. They use proprietary cooking techniques and are striving toward a 100% clean label for all of their salads. Each salad has its own unique flavor profile and style, that you won't find in every other deli counter in town. In fact, when you select any of these St. Clair products chances are your customers will think you made it in-house!
